

BYOD Portal 2018-19

The Centre Com BYOD portal provides a secure process for parents to purchase and maintain high quality education accredited products for their families.

Our portal is unique for each school and is built with the school to meet your needs.

Who chooses the products for my child's school?

Our Centre Com education specialists work with your school's staff to select the right products for the education program for your school. These are tested at the school to ensure they are the best priced products for your child.

Why are education accredited products important?

Products accredited for education use are specifically designed for school education programs. They have robust features, increased battery life, extended warranties and service arrangements. They are authorised to have educational software installed.

Generally retail products are built to different specifications.

- If your order is placed (and paid) before November 26th, it will be delivered to your nominated address or Hawthorn/Sunshine store pickup week starting Jan 21st (Email confirmation will be sent to you for pickup date)
- Orders received after this date may not be available for the commencement of the 2019 school year.
